LOCAL DEPARTMENT.

Wednesday, July 17, 1967. WE will thank our readers for all local occurra to write a communication for the public eye. storest in their respective communities. A list marriages, deaths, secidents, fires, removals, busimore facts of this kind we can get the better it will

A. J. Evans has on hand some fashionable summer suits.

We will furnish any person a copy of the Phrenological Journal and the DEM-OCRAT one year for four dollars.

LOVE ON THE WING. - It is currently reported that we have seven young men in our town who wish to get married, and none of our girls will have them. Poor devilswho'll help 'em out?

Judge Sharswood is very popular among all parties and classes of people in Philadelphia. It is firmly believed that he will receive at least five thousand majority

Those parties circulating a subscripsucceed better by informing the Democracy of the real object in raising moneys at this time. What expenses have already been incurred? What printing bills are unpaid?

P. John told his readers last week, that he was about going on a visit out among the Allegheny mountains. Wonder if he wasn't seeking the acquaintance of the Connecticut Yankee, Williams, the Abelition candidate for Judge?

Our advertising has somewhat infringed on our reading space in this weeks paper. If advertising continues to crowd upon us, we will be compelled to enlarge or get smaller type. We are obliged to reject advertising matter every week for want of

Every day brings something new .--C. C. Marr has just received a lot of the best, cheapest, and most durable hoop-skirts in the market. A good, large sized skirt can be had for 75 cts. The query is, how can Mr. Marr sell so cheap. It is, because he has adopted as his motto, "quick sales and small profits."

THE DEMOCRATIC STATE CENTRAL COMMITTEE will meet in Parlor No. 11, Merchants' Hotel, Philadelphia, on the 17th of July, at 8 o'clock, P. M., when a full attendance is requested. The member from this district will not fail to be in attendance and explain the situation of affairs in this

The people should recollect that a psalm-singing-salaratus-cating-wooden--nutmeg-blue-bellied, Connecticut Yankee, who by some means or other succeeded in getting to be an Associate Judge of Allegheny county, is the mongrel candidate for the Supreme Bench in Pennsylvania. Could they not have found a Pennsylvanian fit for the position?

The editor of the Abolition sheet down town says, that the Democrats are the only ones putting negro equality into practice. How about Thad. Stevens' negro certain of Five Eveland, deceased. And now to wit:

May Pib 1-67, the Court appoint Elijah R. Reler, is the acknowledged leader of the Republicans in the lower house of the present rump Congress. No more need be said.

TO MEASURE HAY AND WHEAT -- For hay, multiply the length, breadth, and height into each other (if it is well settled,) divide this by 512, the cubic feet in a ton, and you will have the number of tons. For wheat, multiply the length, breadth, and depth of inches into each other, divide by 2218 inches, and the quotient will be the number of bushels.

MIKE LIPMAN'S Circus gave exhibitions at this place and at Berwick, this County, to respectable, fashionable and appreciative audiences. The performances were excellent-all that were promised .-MIKE is very much of a gentleman, and has a troupe that are not surpassed in giving circus performances, generally, in this or any other Country. He receives the encomiums of the press wherever he goes. (His advertisement didn't appear in our paper.)

The Doctor has no letters to himself last week at all at all! How have the mighty fallen ! can it be that the innumerable host of admirers is exhausted? Alas poor Yorick. The original, huge, transcendant wit embedded in the idea of writing "Adam Utt, '65, 4578 69 letters to ones self "doth no longer tickle the palate" of his admiring readers. We look with some interest for the next display of the Doctor's shrewdness.

It is an established fact, and the Copperheads of the country already understand it, that the Republican party neither seeks nor shuns controversy, either of argu-ment or arms.—Republican.

Now if that is'nt cool we don't know Shun no contest of argument or arms? When we remember the figure the Doctor cut when war raged in the country, this boast is worthy a place among the best "goaks" of Artemas Ward. Artemas was willing to sacrifice all his first wife's relations for the good of the cause, and the Doctor was agreed that every bod, else should go to war but himself. And he did'nt go.

BRIDGE BROKE DOWN. - On Tuesday of last week, as a four horse team loaded with hay, belonging to Mr. James Sponenberg, of Briarcreek township, was crossing the cenal at his residence, the bridge gave way, precipitating driver, horses and hay into the 'ditch." Fortunately both driver and horses escaped without injury. A son of Mr. Levi D. Canouse, of this place, went down with the team, and received a few slight bruises, but nothing serious. The horses were rescued without much difficulty and the hay was saved. A fortunate termination of an unfortunate occurrence. - Berwick Gazene

Those of our patrons whose names did not appear in our receipt list for June, can see them published in the July list if they so desire it. It was no fault of ours that they were not published with the receipts for June. The July list is handsomely swelling up.

"What is the trouble with you, Jabe, you look like the breaking up of a pea-nut stand in the rotunda?" Well, boss, I am fitting myself for a temperance politician. If I live a sober life I'll never amount to much, but when I get to be a reformed drunkard I'll be a big bug among the Good Templars. - Columbia Herald.

THE CIRCUS. -The Circus and Menagerie advertised in sis paper to exhibit in this place, on Wednesday of next week, the 24th of July, is spoken of by the press everywhere in the highest terms, and is said to be one of the largest and best traveling. Its collection of animals is large and interesting, and has been rarely if ever equalled. The small baby-clephant, is propably the greatest curiosity of the animal kingdom living, on exhibition. This show is reported to be the largest show now traveling.

A HINT FOR THE WARM WEATHER. -Workmen, pedestrains and others whose vocations necessitate anything like exposure to the sun while the thermometer is up among the nincties, will do well to remember that many a case of sun-strokes and general prostion paper for money contributions might tration from the effects of heat has been prevented by keeping wet green leaves in the crown of the hat. If leaves are not attainable, a pocket handkerchief saturated with water, and placed in the hat or cap, will be found to be beneficial in warding off the attacks of the sun.
